

CANADIAN CHAMPIONSHIPS

KYOKUSHIN KARATE | 2016

Dear Sponsor:

Thank you for your interest in the sponsorship of the 33rd Annual Canadian Kyokushin Karate Championships, which will take place on Saturday, May 7th, 2016 at BCIT in Burnaby presented by International Karate Organization Kyokushinkaikan - Canada (IKOK-C).

Over the past 33 years, the Canadian Kyokushin Karate Championships has established itself as a premier martial arts event and has the distinguished title as being known as the longest running IKO sanctioned event in North America. Since its inception the tournament has been attended by many high ranking Kyokushin dignitaries from throughout the world including the only two 10th dan (Black Belt) holders of the Kyokushin style, the late founder Sosai Mas Oyama in 1989 and the late Shihan Bobby Lowe who attended the tournament an incredible 25 times.

The tournament will host over 200 competitors of all ages and skill levels from around the globe. The tremendous growth in popularity and participation is attributable to the karate style's appeal to both the recreational and elite athlete alike. Children and adults who participate in this martial art find great physical and mental rewards in the development of their karate skills through training.

You and your company can participate in various levels of giving with attractive community benefits at all levels. Your financial sponsorship of the tournament is essential to defray the costs of the venue, advertising, travel and other major expenditures required for a successful event.

The tournament organization and management is supported purely on a volunteer basis and 100% of the sponsorship funds will go directly towards the costs of the tournament and making this a day to remember for all who take part in this monumental event.

Enclosed is the Official Canadian Kyokushin Karate Championships Sponsorship Package introducing four levels of sponsorship support.

Please review our sponsorship package and indicate the level of sponsorship you or your organization would be interested in supporting. We would welcome the opportunity to discuss any questions you may have in further detail. For further information please contact Tats Nakamura at +1.604.267.7359 or by email vkk@shaw.ca.

Thank you again for your consideration and we look forward to your sponsorship support.

Yours truly,

Stuart Corrigan
IKO Kyokushinkaikan
Branch Chief, Canada

KYOKUSHIN KARATE

2016

KYOKU means "The ultimate" and
SHIN means "truth" or "reality".

About Kyokushin Karate

Kyokushin Karate is one of the largest karate organizations in the world with over ten million members worldwide and is an exciting way to develop superb physical fitness, self-defence skills, confidence and self-discipline. This popularity is partly due to the fact that karate can be practiced by anyone at any fitness level and training develops an increased level of health and fitness as well as improving character in its participants.

The Kanku, which is the symbol of Kyokushin Karate originates from the Kanku Kata. In this kata, the hands are raised into the sky with the thumbs and the index fingers touching, thereby forming the symbol. The fingers are represented by the points and imply ultimate or peaks. The wrists are represented by the wide sections and imply power. The centre represents infinity, implying depth. The circle enclosing the Kanku represents continuity and circular motion.

Built on centuries-old traditions of self-defence, Kyokushin karate was first introduced in Japan in 1953 by the late Grand Master Mas Oyama. After studying the Martial Arts for two decades training in many different forms (Korean, Chinese and Japanese styles as well as boxing and self-defence tactics), he created Kyokushin Karate from what he believed to be the essential elements of each, as well as his own practical methods to adapt ancient forms for 21st century practitioners.

Kyokushin Karate is a style of karate that emphasizes dedicated training and physical contact in tournament fighting. It's fundamentally different from other karate forms in that it adheres to the most traditional training methods, protocols and beliefs; yet avoids rigid guidelines, allowing its practitioners to grow and progress and to contribute to the evolution of the art. It's ideal for people seeking the challenges of competition or a rewarding personal fitness program for individuals who accept the fundamental principle of "learning through hard training". The emphasis is on graceful power in technique and its use of "tameshiwari" in the development of spirit and character.
